

INDEX TO VOLUME I.

- Abscess of Each Cornea; Successful Saemisch's Section, 135.**
A Case of Tumor in Each Orbit, 198
A Contribution to the Study of Concussion Cataract, 17
Adenoid Vegetations at the Vault of the Pharynx, 119, 204
A Few Words on Donder's Violet Test for the Detection of Errors of Refraction, 161
A Hand Lamp, 209
An Aural Reflex, 243
An Improved Method of Attaching Buller's Shield, 87
Anesthesia and Anesthetics, 249
A New and Simple Method to Lessen Reaction After the Use of the Galvano-cautery for Nasal Hypertrophies, 62
A New Test for the Ocular Muscles, 84
Annual of the Universal Medical Sciences, 269
A Note on Hyoseyamine as a Mydriatic, 23
Asthenopia Produced by Astigmatism, 143, 239
Astigmatism the Relative Importance of in the Production of Asthenopia, 143, 239
A Suggestion About Prisms, 75
BERENS, T. P. Cork Splints for the Nasal Septum, 193
Best Operation for the Extraction of Cataract, 1
Bin-ocular Glioma of the Retina, 236
Black-tongue, 204
BOHNE, W., Hand-book for Opticians, 269
Brain Affections Complicating Diseases of the Ear, 202
BUMSTEAD, S. J. A New Test for the Ocular Muscles, 84
BURNETT, C. H. Excision of the Membrana Tympani and Necrotic Malleus in Four Cases of Chronic Suppurative Otitis Media, 41
BURNETT, SWAN M. Recurrent Iritis, 153
Calcification of Entire Capsule, Emptied of its Lens and Held in Position; Result of Severe Injury, 3
Case of Congenital Bilateral External Ophthalmoplegia and Congenital Bilateral Facial Paralysis, 82
Cases of Obstructive Disease of the Lachrymal Passages, 138
Case of Rhinolith, 204
Case of Rhinoscleroma, 203
Cauterization in Hypertrophic Rhinitis, 190
Cerebral Disease, the Localizing Value of Some Affections of the Eye in 165, 222
CHISOLM, J. J. The Japanese Hot Box the Best Means of Applying Dry Heat for the Relief of Eye Inflammations, 22
CLAIBORNE, J. H. The Treatment of Trachoma, 26
Clinical Notes, 135, 136, 137, 138.
Cocaine Anesthesia for Enucleation of the Eye, 7
Complete Occlusion of the Nasopharyngeal Cavity, 204
Congenital Obstruction of the Nasal Duct, Followed by Acute Dacryocystitis, 206
Conjunctivitis Cause of Meibomian Tumors, 66
Cork Splints for the Nasal Septum, 193
DAYTON, W. L. Neuroses of Pharynx and Larynx Caused by Hypertrophied Follicles at the Base of the Tongue, 245
